

Invitation and Call for Paper to
**“The 7th International Conference on Multi-functional Materials and
Application”**

Dear Colleagues,

We are going to organize “The 7th International Conference on Multi-functional Materials and Application” on 22-24 November 2013 in Anhui University of Science and Technology, Anhui, China. The detail information of the conference is shown in our official webpage: <http://www.ijpcs.org>, <http://clx.aust.edu.cn/>.

In view of your reputation in the field of Chemistry, Physics, Materials Science and Engineering, Construction and Environmental Materials, I would like to invite you to participate in the conference, present and share your valuable research achievements to our participants.

Conference Chairman:

Prof. Mingxu Zhang (Anhui University of Science and Technology, China)

Conference Local Chairman:

Prof. Won-Chun Oh (Hanseong University, Korea)

Prof. Jin Liu (Anhui University of Architecture, China)

Prof. Ding Ming (Hefei University, China)

Prof. Shin Mukai (Hokkaido University, Japan)

Dr. Chong-Hun Jung (Korea Atomic Energy Research Institute, Korea)

Prof. Chuyang Xu (Anhui University of Science & Technology, China)

Prof. Cheol Gyu Kim (Hanbat National University, Korea)

Prof. Zhigang Chen (Suzhou University of Science and Technology, China)

Prof. Saksit Chanthai (Khon Kaen University, Thailand)

Prof. Zhaoqi Sun (Anhui University, China)

Prof. Goutam Mukhopadhyay (B.C.D.A College of Pharmacy & Technology, India)

Prof. Zainal Arifin Ahmad (Universiti Sains, Malaysia)

Theme field of the conference:

- u Materials: preparation, basic principle and characterization;
- u Catalytic materials and mechanism;
- u Environmental friendly materials and applications;
- u Advanced composites and applications;
- u Advanced building functional materials;

- u Nano-materials, sensors and applications;
- u Materials related to biology, medical and human health;
- u Photo-induced materials and applications;
- u Others

Submission of paper:

Deadline: August 31, 2013

All manuscripts must be written in English.

Please submit your manuscript to the email: compelitely@163.com, Ze-Da Meng (KOREA), liuyinaust@gmail.com (国内文章请投寄到此信箱) .

Template for submitting papers: see attached file.

All papers will be reviewed and the selected papers will possibly be inserted in a regular issue of International **Journal of Photocatalysis Science** (<http://www.ijpcs.org>) and **Asian Journal of Chemistry** (SCIE, require publication fee (USD200\$)). **If any attendee want to submit to Asian Journal of Chemistry, “Submission to Asian Journal of Chemistry” should be marked on the Extended abstract (4 pages). And, authors should be submitted to wc_oh@hanseo.ac.kr the original full paper (6 pages).**

Finally, this conference will be organized with special invitation lectures, general research lectures and poster session for idea exchanges between delegations from worldwide. The main aim of this conference is to establish strong ties between scientists and scholars and possibly to establish any substantial collaborations in the future.

Best regards,

Conference Chairman

Prof. Mingxu Zhang

Anhui University of Science and Technology Anhui, China
